

## Make-in-India Icon and Renewable Energy veteran Dr Akhilesh Kumar Jain shall be the Chief Mentor to the RMC Board

JAIPUR, India, Jan. 30, 2024 /PRNewswire/ -- **RMC Switchgears Limited** (RMC), a pioneering name in the power distribution sector focusing on T&D loss reduction and Distribution Efficiency, proudly announces the engagement of Dr Akhilesh Kr Jain as Chief Mentor at RMC Board. With an impressive career spanning four decades in Electronics, Energy, Electric Mobility and IT impacting 6 Cr citizens, Dr. Jain brings a wealth of expertise to RMC's leadership team. Known for his innovative and out-of-the-box sustainable ideas, he has committed to applying technology for societal benefits, focusing on Smart Electronics, Solar Energy, Energy Storage and Electric Mobility.

Dr Jain currently serves as the Director (Non-Executive) at Insolation Energy, a prominent solar module manufacturer in India specializing in serving the nation's renewable energy needs. Leading from North India, INA has emerged as a strong partner for both aspiring Solar MSMEs and large-scale Solar Developers, contributing significantly to the renewable energy landscape.

"We are delighted to welcome Dr. Akhilesh Kr Jain to RMC's leadership team," says Ankit, RMC's Wholtime Director & CFO. "His extensive expertise and visionary outlook align seamlessly with our dedication to innovation and sustainable growth in power distribution and new emerging areas. I am sure that the RMC group and its stakeholders shall immensely benefit as we evolve our solutions-driven business."

Dr. Jain, a renowned professional, holds a Bachelor's in Electronics Engineering and an Honorary Doctorate in Business Administration. He served as Managing Director at REIL (a mini-ratna PSU) from 2011 to 2020, excelling in Renewable Energy, Dairy Energy Storage and Electric Mobility. He has received numerous awards, including the SCOPE Excellence Award 2015, the National Energy Conservation Awards, and the Solar Leadership Awards from the Government of India.
